

## RD Certificate Number: EWS807A

### Roofshield

#### Description

This is an assessment of A. Proctor Group Ltd's Roofshield, a pitched roof underlay that is air and vapour permeable that can be used for cold and warm roof applications without ventilation.

The product has been manufactured for over 20 years and has a unique melt blown core to allow natural air movement to the passage of moisture vapour from within the roofspace preventing the formation of condensation.

It has a track record of being used in tough locations and can enable complex roof designs to breathe without the need for additional venting or air gaps.

#### Scope of Registration

Due to space limitations, the Registered Detail certificate should be consulted for the scope of this registration.

#### Validity

This system has been checked for compliance in accordance with English, Welsh and Scottish Building Regulations

Registration was first issued on 31/03/18 and is valid until 31/03/22 providing there are no amendments to applicable regulations.

**Issue dated** 21/03/2019
